Re: Crest Road Project

Mr. Frost:

Per our conversation this morning, I would like to request in writing an extension of the deadline for obtaining our material recovery/transfer permit. We are currently in the process of working with our financial institution in order to meet our financial assurance requirements. The bank officials seem to think the process could take up to 30 days. If our deadline could be extended to February, this would be a great help to us. Thank you for your consideration in this matter.

Sincerely,

Barry Bonnett
